Confederate Veterans to Hold Exercises at 6 P. M.

DR. REGESTER ORATOR

Graves and Monument to be Decorated Speaking in Young People's Building.

R. E. Lee Camp, Confederate Veterans, will hold its annual memorial day exercises at 6 o'clock Monday afternoon in the Young People's building. The annual memorial address will be delivered by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. The exercises will be presided over by John R. Zimmerman, commander of the local camp.

The Veterans will assemble in Lee Camp Hall at 5.45 p. m., marching from there to the Young Peoples' building, passing the Confederate Monument at the intersection of Prince and Washington streets, which marks the starting point of the Confederate soldiers on May 24, 1861, and will enter the Young Peoples' Building.

After the services are concluded in the building, the veterans and audience will march to the mound in Christ Church yard were singing will be held and taps sounded, after which the benediction will be pronounced.

The program this year is under the auspices of the Daughters of the Confederacy, who will decorate the graves of the Confederate dead in the various cemeteries of the city, the monument at Prince and Washington streets, and the mound in Christ Church yard. All members of the local chapter are urged to be at Lee Camp Hall by 10 o'clock Monday morning to start the day's work, particularly the younger members whose services will be especially needed to visit the grave yards. A committee has been appointed to see to this work, but the co-operation of all is urgently needed. A light luncheon will be served at Lee Camp Hall for the workers.

Any person who has flowers to donate will please send them to Lee Camp Hall by 9 o'clock Monday morning, the committee will be there to receive them. There are numbers in the city whose yards are glowing with spring flowers who will doubtless consider it a privilege to contribute them for this purpose.

Several automobiles will be needed in the day's work, and owners are asked to place them at the disposal of the ladies by 2 p. m. Monday. Those who respond to this call will please notify Mr. Edgar Warfield, Sr., at Warfield's Drug Store, corner King and Pitt streets, of their willingness to do so. Monday marks the 59th anniversary of the day the men left here for the four years' conflict.

A firing squad from Fort Myer has been secured for the service at the mound.

Each figure represented acted his part well, but special mentio nmight be made of the Alabama Coon Jigger. Rev. W. W. Pippin, Jr., took part. Every number on the program was well rendered.

The flag drill of 21 little girls was beautifully gone through with, and deserves special mention and reflects credit on the directress.

Frances, the young daughter of Dr. and Mrs. R. J. Yates, gave a recitation entitled, "How Grandma Danced the Minuet," illustrating the same by a stately little dance.

Sacred Concert

St. Mary's Industrial Band at Richmond Theatre at 3 O'clock Tomorrow Afternoon

The program as offered on another page of today's paper by the famous Boys' Band of St. Mary's Industrial School, clearly demonstrates the remarkable ability of these little artists.

The highest class of difficult numbers only were selected, and there are comparatively few high class bands, who could produce the same program. As to the ability of these boys to do credit to the program, nothing need be said.

All Baltimore knows and loves them and to those of Alexandria who have been fortunate to hear them in concert work, nothing but praise for the director is heard whose work has produced an organization that has astonished the musical world.

The system at the school requires three to four rehearsals a day. They have taken part in every important affair in Baltimore during the war. The constant teaching has produced results that older musicians have admitted to be unbelievable.

These programs are in a finished style, second to none.

Arrangements are being made to handle a record crowd at the Richmond Theatre tomorrow afternoon. Tickets will be on sale at the Theatre Sunday afternoon before the concert and can be secured tonight at Bendheim's Department Store or Edgar Warfield's drug store.

Eminent vocalist of Washington are assisting in the program which will start at 3 p. m.

NEXT MEETING IN CHARLOTTESVILLE

125th Annual Meeting of Episcopal Council

DISCUSS CHURCH NEED

Favor Inter Church Movement— Extend Thanks to Rector and Vestry of St. Paul's Church Richmond

Richmond, Virginia, May 21.—The Council met for the service for the day at a quarter before ten o'clock. A short form of morning prayer was read by the Rev. W. R. Bowie, D. D., and the address was made by the Rev. Dr. S. A. Wallis.

Business commenced at half past ten with Bishop Brown in the chair. The council recommended yesterday that $500 be granted to Bishop Brown for his expenses to the Lambeth conference. It was agreed that this amount be raised to $1,000 and the finance committee was authorized to act in this matter.

The bishop then appointed the clerical members of the committee on the State of the church for next year and the chairman of several others. The Rev. G. Freeland then presented a resolution on the importance of our co-operation with the great Inter-Church Movement prefacing this by remarking that 60,000 of the population of this country had no relation with the church and 26,000,000 boys had no training in christian principles at all.

It was resolved by the Richmond clricus that of the Episcopal Church should co-operate with other Protestants in this Inter-Church Movement, and this resolution was enlarged to apply in the council to the whole diocese of Virginia and was unanimously carried by the council.

Dr. Woodward reported for the committee on church schools and asked the council to ratify the action of this committee in purchasing the properties of the Chamberlayne School for boys, the Virginia - Randolph Ellett School for girls' both in Richmond and the St. Anne's School for girls in Charlottesville. Dr. Woodward called attention to the importance of religious training in these schools. The committee is also sensible of the assistance and co-operation of the General Board of Religious Education.

The Rev. G. Floyd Rogers sent a telegram to this council which was read by the bishop on Wednesday calling attention to the dire financial needs of this industrial school.

The report of the committee appointed by the bishops approved giving aid to this school and the whole matter was referred to the administrative committee of the nation-wide campaign in this diocese so that an appropriation can be given to it in its day of needs.

Archdeacon Neve next spoke of the Order of the Thousandfold instituted by him. The purpose of this is that each christian might pray to be made a thousandfold more useful than ever before in Christian faith hard work. It simply means taking Christ at His word of promise. Archdeacon Neve's prayers as Bishop Brown remarked have been answered in manifold ways

The council was invited by the Rev. W. R. Mason, rector of Christ Church, Charlottesville, to meet there next year. This invitation was unanimously accepted.

The appreciation of the generous and gracious hospitality of the rector and vestry of St. Paul's Church and the various Episcopal Churches of the city of Richmond was unanimously given by the rising means of a standing vote, the resolution being made by the Rev. B. D. Tucker, Jr.

The council then closed sine die with the usual devotional exercises.

There was a large attendance at this council and much important business was accomplished

Among visitors from other diocese were the Revs. Thos. Semmes, A. P. Gray and Rev. C. B. Bryan, D. D., of Southern Virginia, and the Rev. Dr. Rollers from West Virginia.

SALVATION ARMY'S MISSION

A branch of the Salvation Army is stationed in nearly every city of the English speaking world. While their main mission is to preach the gospel, their work does not end in this calling, but they are invaluable auxiliaries in every community.

We read of the Saviour of Mankind on a Sabbath Day entering the synagogue in Nazareth where he had been reared. He stood up and read from the 61st chapter of Isaiah, in which these words occur: "He hath sent me to bind up the brokenhearted."

This is one of the callings of the Salvation Army, and their work in Alexandria during the past few years has been commendable.

Truly, "a man may be down but never out," and the same can be said in regard to the gentler sex. Less than a year ago the authorities of our city, aided by government officials, made a movement against certain young women who arriving at the cross roads of life thoughtlessly took that leading to the broad road of destruction. Fortunately they had not proceeded far when the strong arm of the law was laid upon them and their heads turned towards the pathway they had left. Under the present law it was necessary to hold them until their cases were properly disposed of. It seemed cruel to place them in jail or the workhouse pending further proceedings, and the authorities were perplexed as to their disposition. At this juncture the Salvation Army came to the rescue, offering the young women the accommodations of their headquarters while their cases were pending. Within a short time they were made to realize the error of their way and they returned to the strait and narrow path, procured employment, and are living as properly as Wilkie Collins's "New Magdalene."

The work of the organization during the past few days in taking in and providing for children whose home, it is alleged, had treated them cruelly, is fresh in our minds.

Now the Salvation Army has expenses to meet, as do hospitals and other institutions which labor for the good of a community, and they are appealing to the good people of our city to lend them a helping hand in order that they may continue their good work in our midst.

Some people object to contributing to foreign missions, alleging that there is always work in our own land, and that of elemosynary labors should begin at home. This is the work in which the Salvation Army is engaged—their kindly acts are performed at home.

This organization is now appealing to this community to take part in raising a sufficient sum to pay for the King street property they have recently acquired and which is designed to be their headquaretrs in future. Should every man and woman in the city contribute one dollar each this could be easily accomplished. The drive will be continued next week, during which time a house to house canvass of the city will be made. Let us hope there will be a generous response.

HIGH COST OF LOAFING

Senator Thomas, of Colorado, in a speech the other day spoke of the "high cost of loafing." He was referring to the fact that wage earners "lay off" one or two days a week, after having made enough for their wants. This is a very serious matter. If every worker was producing as much daily as before the war, there would be no danger ahead.

High prices are coming down, but they would be reduced more rapidly by increased production in the workshops and the fields in a consolidated effort to recover from the wounds and the excesses of the war.

LITTLE PROFITEERS

It will not have escaped the attention of those who find the cost of living a more and more burden, some feature that some of the small profiteers are more unscrupulous in their demands than the large ones. This is the suggestion of a cotemporary. Whatever the excuse, the rise in charges with them has been higher in proportion. Advances as high as 300 per cent can hardly be justified merely by the plea of increased expense.

The price of having your clothes pressed, your hats cleaned, your collars laundered, your hair cut, has become simply staggering in comparison with what it was five years ago. And these and other small expenses count up more in the long run than most persons realize. Making a profit out of the cost of living is confined to no one class.

AGENTS CUT OUT STRIKES

Clause in Organization's by Laws is Eliminated by Biennial Convention Vote

Pittsburgh, May 22.—The "strike" clause in the by laws of the Order of Railroad Station Agents has been eliminated, and hereafter grievances of the organization will be taken up for settlement with the Federal Railroad Labor Board or government executives, E. H. Morton, president of the order, announces.

The agents, meeting in biennial convention here have voted to do away with the clause authorizing the calling of strikes to enforce demands of the workers. Mr. Morton said. He added the strike weapon had become obsolete, in the opinion of a majority of the agents, who believed that the Esch-Cummings Board was created, provided a better means of adjusting differences between employes and employers.

TERRIBLY SWOLLEN

Suffering Described as Torture Re-
Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Thefords Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thefords Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

ESSEX MOTOR CARS

Note How Essex Trebles Motor Power

The swing of interest to light cars, led by champions of the Essex, calls for particular caution.

Some may think Essex only one of a finer type, marking a general advance in standards throughout the light car field.

But the facts quickly expose that mistake.

For the Essex motor is patented. No other can use it. And Essex performance, so enthusiastically admired by all motordom, is the product of that exclusive invention.

Essex has set the greatest official endurance record of 3037 miles in 50 hours—It has never been equalled by any other car, regardless of size or price.

And Essex made the world's 24 hour road-record, by travelling 1061 miles over snow covered Iowa country roads.

For cars of its piston displacement, it has won every official record, from 1 to 50 hours. It has proved speed such as only the fleetest of costly cars can rival.

And in its first year, it set a selling record never equalled in motor history.

TO OUR COAL TRADE

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

This also applies to any orders we already have from our trade.

VIRGINIA NEWS

H. B. Crenshaw, revenue agent, stationed at Danville, left for his home near by yesterday, after cutting up 11 copper stills in 14 days in this immediate neighborhood. Very few arrests were made in the raids. Two stills were cut up in Gatewood within 48 hours.

The unveiling of the monument to be erected in Warrenton to the memory of Col. John S. Mosby is postponed from May 29 to some time in June, owing to the difficulty of getting transportation for the monument. The granite shaft is still in North Carolina.

James Nash, who is under a five years' sentence to the penitentiary for robbery, tried to escape from the county jail Thursday night. He succeeded in getting to the roof and over the wall, but was stopped in the back yard of the jailer's house by Miss Shirley, daughter of the jailer, who had gone out to lock the gate. Nash threw up his hands and surrendered and was returned to his cell.

Retail grocers of Norfolk and Portsmouth last night united in an agreement not to handle bread costing more than 8 cents a loaf wholesale, to retail at 10 cents. Representatives of the Housewives' League of the two cities announced members of the organizations had pledged themselves to bake their own bread rather than pay more than 10 cents a loaf. Bakers in Norfolk and Portsmouth have advanced the wholesale price of bread from 8 to 10 cents a loaf. This will bring the cost to the consumer to 12 cents in stead of 10 cents. The bakers declare, however, that the consumer will not suffer by the advance in price because the weight of the loaf is to be increased.

Following an all day hearing of the charges of the city school board of Newport News against D. A. Dutrow, superintendent of schools of that city, formerly of Harrisonburg, the State Board of Education yesterday evening took the case under advisement after asking attorneys for both sides to file briefs. Dismissal of Dutrow was demanded on the ground that he had made false statement regarding the president of the board. Altogether there were eight specific charges, each of which were denied by the accused superintendent.

The farmers of Accomac and Northampton counties of Virginia are preparing for one of the largest white potato crops ever known in the history of the Eastern Shore. Heavy frost slightly damaged many of the fields but with no further set backs, the farmers are expecting a record yield. This section of Virginia is known to be the largest potato growing country in the United States. To give an idea of the extensive growing of potatoes here, one grower has planted 1400 barrels of seed potatoes, and he expects to get a yield of at least 10,000 barrels.

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twings. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

William Dawson, blacksmith, 806 Duke street, Alexandria says: "Before I started using Doan's Kidney Pills I had rubbed my back with liniments and taken different remedies without any relief. My back got so weak and sore I could hardly pick up anything and I had to take hold of something to help me straighten up. Mornings my back felt as though it were broken. Sharp, shooting pains would catch me, and I got so I though thought I would have to give up. Finally, through the recommendation of a friend, I tried Doan's Kidney Pills, which I bought at Summers' Drug Store. Doan's soon convinced me they were the remedy I needed, and before long my back felt so strong I could shoe horses all day and not feel a bit worse for the strain." (Above statement given April 13, 1915).

Conserve Your Energy With Electricity

Electricity is fast coming into prominence the country over as the greatest and most economical of all labor-savers. It conserves health, strength and energy and on hot summer days, does away with the usual unbearable heat of the kitchen. Your work is done in half the time necessary with the old time utensils and is done better than was possible a few years ago. Let us demonstrate to you.

Hot weather is fan time and although the hot days have been few so far this year, they are bound to come and probably hotter than usual. Place your order with us for a G. E., Robbins and Myers or Westinghouse fan today and be sure of delivery when fan time finally arrives. We carry the most complete stock of these three famous makes to be found in the city.

IRON ELECTRICALLY

Do your ironing quickly, easily and make the follow-up of wash-day a day of pleasure instead of dread.

BEAUTIFY YOUR HOME FOR SUMMER

Install in your living room a beautiful reading lamp-one of the most comfortable of household necessities.

Resolve to make your home the "Home Beautiful" this summer-when the doors and windows will be left open. Be proud of your home—ask us to help you in your selection of appliances that will prove a joy for a lifetime. We are headquarters for electrical appliances of all kinds.

Star Hand-made Extra Ply Tires!

STAR TIRES! You will think of them only as "star" tires after your speedometer records those thousands and thousands of miles—free from ordinary road troubles, full of easier riding. We know. It's our business to thoroughly know the tires we sell.

And that's why Star Tires have our unqualified and enthusiastic endorsement.

A Few Reasons:

An extra ply of fabric (in all sizes) with a corresponding increase of strength.

Tread extra thick, tough and scientifically compounded to resist wear—which it really does!

Stronger sidewalls—extra protection from rut cutting or curb chafes.

Carcass and tread welded together by binder strip of special rubber. Won't separate. It can't!

Isn't this the kind of tire your motoring experience has taught you to look for—the dependable tire?

Put a Star to the test; you'll never regret it.

RED STAR TUBES—Made of the finest pure rubber. Cured with antimony. Extra heavy—extra durable.

THREE MEN KILLED

Sistersville, W. Va., May 22.—Three men were killed and Sistersville was rocked by the explosion of 100 quarts of nitro glycerine yesterday at the plant of the Young Torpedo Company here. The dead are: Guy Porter, Hess Beaver and Harry Gaffney, all employed as well shooters. The cause of the explosion has not been determined, but it is believed one of the cans containing the explosive was dropped by one of the men.

The qualifications of a shoe may be described in three words, namely: *Style, Comfort* and *Durability*. The lack of any one of these throws out the whole balance of the shoe. In other words, these features combine to make the

W. L. DOUGLAS SHOE

A million pairs of shoes can be produced at much less expense per pair than a thousand pairs. W. L. Douglas buys leather and all other materials which enter into his shoes in such enormous quantities, and manufactures them on such a large scale that he can afford and does make better shoes for the money than other manufacturers.

This is one reason why a W. L. Douglas shoe is the equal of higher priced shoes of other makes. Millions of patrons all over the world know through actual experience that W. L. Douglas shoes fit better, wear longer and are more satisfactory in every respect than any shoes they can buy.

We have them in all styles, all leathers, at prices to suit everybody.
